DIEBOLD NIXDORF BEETLE /iSCAN EASY eXpress
SELF-SERVICE SOLUTION

MORE CUSTOMER SERVICE WITH A SELF-SERVICE STRATEGY THAT FITS BUSINESS AND CONSUMERS

DIEBOLD NIXDORF

Service speed is a crucial element that influences consumer satisfaction and improve sales. Therefore retailers focus on versatile, tailored solutions that can easily be adapted to changing business needs and consumer demands.

With BEETLE /iSCAN EASY eXpress by Diebold Nixdorf, retailers have the opportunity to use it as a self-service checkout solution for speedier customer transactions and shorter lanes, or as a kiosk solution for order taking, service, additional product information or ticket and lottery sales. It fits perfectly into your store, offering consumers choice and an improved in-store experience.
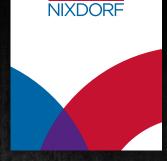

DESIGNED FOR TODAY'S BUSY CONSUMER
In-store shopping should be simple and fast. With the BEETLE /iSCAN EASY eXpress, consumers can check out independently, scanning items at their own pace. When finished, customers can pay with cards, NFC-enabled smartphones or mobile-wallet solutions. Or, they experience the advantages of an in-store kiosk system to quickly and easily gather new information or take advantage of other services.

ADAPTABLE AND CUSTOMIZABLE
The BEETLE /iSCAN EASY eXpress solution is designed especially for stores with small checkout areas. The fully flexible system allows for a customized configuration and features best-in-class components in an optimized footprint. The extremely space-saving BEETLE /iSCAN EASY eXpress is designed exclusively for electronic payment methods.

A STRATEGIC SOLUTION THAT DELIVERS RESULTS
Diebold Nixdorf is committed to the seamless, timely deployment of self-checkout and kiosk systems throughout your store network. Additionally, the TPiSCAN platform-agnostic software easily integrates automated checkout solutions into your existing IT infrastructure, improving efficiency and customer service and offering consumers more choice.

FEATURES

APPLICATION
• Self-service and kiosk solution for a wide range of market segments

ARCHITECTURE THAT MEETS HIGH STANDARDS
• Highly reliable, market-proven technology
• Flexible, modular design for enhanced functionality
• CSA/ADA-compliant
